Autumn 2016

KIFKB15506

For next Thursday, October 13th 2016, please

(a) Read my talk, "A Research Program for a Taxonomy of Moods"

<http://www.ms.lt/sodas/Book/TaxonomyOfMoods>

and

(b) Read the translations of Chinese poems (full version will be up tomorrow)

<http://www.ms.lt/derlius/ChinesePoetry.pdf>

and

(c) Write a folk tale, one or two pages long, which focuses on the action and plot rather than the characters' inner psychology. Your tale should be interesting to listen to and should make the listener feel at the end that your story is complete.
