When you get off the metro car, take the exit for Namesti Republiky - Palladium. Then it's about a two-minute walk from Namesti Republiky to our hostel.

Look for the department store Kotva (which is opposite the Palladium). We're located just behind Kotva. During the day you can take a shortcut through the passage underneath Kotva in order to get to Benediktska St, where our hostel is located. You will see our yellow sign outside.

If you can't find the passage underneath Kotva, walk past Kotva department store, down Revolucni St. Then take the first left onto Dlouha St. When on Dlouha street, take the first left onto Benediktska St. Follow the road round and you'll see our yellow sign.
